Re: RED ROBIN WIREGRASS, FL

Dear Mr. Kielty,

We at Deerfield Construction Company, Inc. would like to extend our greatest appreciation and gratitude to your company and personnel who worked on our project, Red Robin Gourmet Burgers, located at the Shops of Wiregrass in Wesley Chapel, FL. This particular project was one to complete with the tightest schedule ever and we were able to meet that schedule and exceed the expectations of the Owner. Through the constant supervision in the office and in the field, the Superintendent was able to fine-tune his schedule by knowing daily of the manpower and quantity of work being performed with quality control in mind.

Your Project Manager, Tim McLane, was instrumental in helping establish the pace of this project, which in turn dictated schedule. Thank you, Tim.

We look forward to doing business again with R.J. Kielty Plumbing.

Respectfully,

Fred Blevins
Project Superintendent
Deerfield Construction Company, Inc.
